Dear Andrew: no news this week, but I am likely to change my tune next week.

Brother J. B. Randall, superintendent of the Tri-State Transit Company, visited us Wednesday. He is going to improve bus service between here and camp and will, at the proper time, inaugurate adequate service between the air base and Grenada. A survey there already having been made.

Attention is invited to an article on the editorial page written by Rev. C. G. Scrivens, a colored Presiding Elder. It contains much food for thought.

If the City of Grenada took the option on the Baptist Church property with a view of building a costly city hall, as rumor has it, the proposition is going to meet a hell of a lot of opposition for many people think the city owes too much already, and that the city is spending too much money for current expenses.

A large bunch of negro youths went to Shelby Thursday for final induction. A big bunch of white youths is scheduled to go next Thursday, the 18th.

It looks to me that there are too many young negro bucks, each with a feather in his hat, idling around Grenada.

The GCW is headquarters for military stationery. We can produce any kind of personalized stationery, and we have in stock a variety of stationery made up into 40 cent packages.

Aint they sweet.

Wagoner Foss Mitchell, now of Holly Springs, is a new subscriber. He was a wagoner in a military outfit that never saw a wagon.

I understand Texas has a very simple gasoline rationing system by giving each applicant a C card.

Col. Henry Kahn recently bought me a handsome new hat. I do not wear a hat, but I am going to vote for Mike Conner, or both.

People of Grenada who oppose the proposition of permitting the City Council to appoint the Marshal and the Clerk, should get up supplementary petitions to file with the Council at the March meeting. We are being regimented fast enough, without regimenting ourselves.

An announcement over the radio Tuesday night stated that stop lights at points where less than 1,000 cars passed per hour would probably be taken down under federal laws.

Licker has got so high that many people have involuntarily become prohibitionists.

Mighty sorry to hear that "Miss" Addie Weyneth is seriously ill, and that Gena too is sick.

I don't think we will ever catch up with the new subscribers and renewers.

Robert Horn, son of Mr. and Mrs. Durrow Horn, left Tuesday for Nashville where he will be shipped out some time to become a Flying Cadet. He is the last of the Horns' three sons to enter government or army service.

LA. Robertson Horton visited briefly in Grenada Wednesday to see his father and mother, Mr. and Mrs. Cowles Horton. Mr. Horton has been quite sick this week.

One fellow said he could not get the things he wanted, and did not want the things he could get. It's going to be worse than that, brother.

Baby Bingham writes from California that he and his fellow troops are kept in high gear. He is at Camp Santa Anita.

Our favorite correspondent has gone to New York, but she left a good pinch hitter.

One of the recent cold days, Tom Meek had a series of hard knocks. Going to the garage, the battery on his own car was dead; trying the car of Mary, his wife, he found the battery there dead; going into the home to telephone for a taxi, he found the line down; his faithful old negro then came in and reported the favorite Chow dog (since found) missing. As he walked to the highway to flag a ride, he noticed the milk cow prone in death, besides that he had a lucky day!

Sgt. Robert Lee Harris, of the Air Corps at Sioux Falls, N. D., returned to his station Wednesday after spending a furlough with his parents, Mr. and Mrs. Luther Harris, at Oxberry.

NUMBER THIRTY-NINE

L. C. Howard, Suburban Groceryman Out For Sheriff

L. C. Howard, member of a family long identified with this section, this week authorized the Grenada County Weekly to make official announcement that he is a candidate for the highest county office within the gift of the people—that of "high sheriff."

L. C. HOWARD

He is a jovial fellow, well met; always has a smile and a kindly greeting to those he meets. A few years ago, he had four or five dollars, invested that sum in goods, sold the goods for cash at a profit, reinvested the whole sum in more goods, sold out again, and reinvested, sold and reinvested, until today he is one of the most prominent factors in the area on the southern boundary line of the city of Grenada, owning a prosperous grocery business and much rental property. Having made a success in the management of his own business, he feels that he would, if given the opportunity, make a success of the county's business. He is going to make a comprehensive canvass of the county to see that each and every voter has an opportunity to discuss with him the views that he has on various subjects and the methods he proposes to employ in conducting various evils that have arisen in the county.

Promoted

News has reached here that former Major Wayne Pittman, son of Mr. and Mrs. W. A. Pittman, of Grenada county, has been promoted to the rank of Lieutenant Colonel, Medical Corps, United States Army.

LT. COL. WAYNE PITTMAN, M. C. ty, has been promoted to the rank of Lieutenant Colonel, Medical Corps, United States Army. Congratulations, Colonel.

French Market Quits Sale Of Groceries

French Market, owner and operated by Mr. John Haxby, has discontinued the sale of all grocery items and will in the future—as soon as the last few items of the grocery line can be disposed of—concentrate exclusively on seed, honey, syrup and peanuts.

Legion To Meet

Regular meeting American Legion at Legion Hut, Friday night, February 12, 8:00 o'clock.

Red Cross Holds Call Meeting Monday

On Monday afternoon of this week, a meeting was called at the office of the Red Cross Secretary, Mrs. Lewis, for the purpose of hearing an informal and informative talk by Mrs. Butler, a field representative of Red Cross, who is contacting every county in Mississippi, preparing the foundation for the coming annual Red Cross drive for funds.

Grenada County Chairman, Mr. W. E. Jackson and Mr. Hurd Horton, Chairman of 1943 drive were present as were Mr. L. D. Boone and Mr. E. L. Morrow all chairmen, who have planned successful drives for the Red Cross in the past.

Grenada's quota will be greater this year, but our needs are greater. Grenada will have a local fund to deal with the many calls made thru this office. More information will be given later on this great organization's plea to you.

Miss Margerie Thomason Buried At Bethel Sunday

Miss Margerie Ray Thomason, who was stricken a few months ago with an incurable malady and subsequently sent to Sanatorium, Mississippi for treatment, died early Saturday morning in the hospital there.

She was a bright and attractive girl and a favorite among her fellow graduates at GHIS and her serious illness and subsequent death were great shocks not only to them but to members of the family and numerous friends.

She was the daughter of Mr. and Mrs. J. F. Thomason, of the Pearisburg community where she was born on September 18, 1923. She was a member of the Presbyterian Church and was a graduate of the GHIS, where she took an active part in the Girl Reserves.

Funeral services conducted by Rev. C. A. Pharr were held at Bethel Church Sunday afternoon and were attended by a large number of people from Grenada and from the vicinity of Margerie's country home.

Palbearers were John Keeton, Jr., Rounsaville, William Winter and Francis Hill.

Her parents and the following brothers and sisters survive: Mrs. Jim Inman, Grenada; Jessie Thomason, Grenada; Frank Thomason, Memphis; Edward Thomason, U. S. Army; Miss Ren Thomason, Grenada; and Miss Faye Thomason, Grenada.

John G. Hovis, 70, Buried At Spring Hill Tuesday

Mr. John G. Hovis, a native of Carroll county but a citizen of this county for nearly two decades, died in his home southwest of Grenada, Monday, February 8, 1943 after a long illness due to cancer.

He was buried Tuesday at Spring Hill cemetery. The funeral was attended by many friends of the deceased, who, with the GCW, join in extending sympathy to the bereaved members of the family.

City Takes Option on Church Property

The City of Grenada at the meeting of the City Council Monday night took an option on the Baptist Church property, corner Main and Second, in the amount of \$4,500.00.

Practically all officers and employees of the city, except the members of the City Council, will rejoice that the salary of each was raised either \$5.00 or \$25.00 a month. This will entail an additional annual expense to the City of only three thousand dollars plus.

Cpl. Billy Boyd Seriously Wounded In Action

Word has been received by Miss Rachel Boyd from Washington that her brother, Cpl. Billy Boyd, has been seriously wounded in action. His parents are dead, but a grandmother, Mrs. Belle Harbin, lives with the Weirs.

Further details are not available.

Ensign Carroll To Report To Princeton

Ensign Leo Irene Carroll, U. S. Naval Reserve, of 236 Snider, Grenada, Miss., has been ordered to report to the Naval Training School, Princeton University for temporary duty under instruction beginning February 11. It was announced today by the Branch Navy Public Relations Office in Jackson.

Recreation Building At Station Hospital To Open

Preparations for the opening of the Recreation Building at the Station Hospital for the use of convalescent patients are being completed. Mr. William V. Alesl, Red Cross Field Director at Camp McCain announced, Eastern Area Headquarters of the American Red Cross will furnish a staff which will eventually consist of an Assistant Field Director, a medical social worker, a psychiatric social worker, and a recreation worker.

This trained staff will act in close cooperation with the Medical Personnel in all matters concerning the patients' welfare. A program of well-rounded and medically approved activities will be initiated upon the arrival of the Red Cross Staff. The program is designed for the pleasure and employment of the patients in an effort to hasten their recovery.

There will be moving pictures, USO shows and other forms of group entertainment. It is planned for communities adjacent to the camp to participate in organizing parties and other forms of social gatherings and recreational activities for the patients. Games and handicraft work will be encouraged among interested patients. All activities at the Red Cross Recreation Building will be conducted with the approval of the Camp Surgeon, Colonel Daniel C. Campbell.

The Recreation Building is located in the center of the Station Hospital area and was built by the Army to be operated by the American Red Cross. The Recreation Building consists of a large auditorium for moving pictures and entertainments, a complete kitchen for the preparation of refreshments at parties and other gatherings for patients, a sun room and library for the use of ambulatory patients wishing a quiet congenial atmosphere for reading and letter writing, twelve guest rooms for relatives of seriously ill patients called at the bedside of their loved ones at the time of greatest need. In addition, there are offices and quarters in the building for the Assistant Field Director in charge of the program and her staff so that trained personnel will be available at all times for the benefit of patients.

Episcopal Church Announcement

For the next two Sundays, February 14th and 21st, Chaplain John Dvorcy, chief of chaplains, Station Complement, Camp McCain, will hold 11 o'clock services at All Saints Episcopal Church in the absence of the rector, Rev. C. S. Lill, who is ill at his home. The public is cordially invited to attend.

Assistant Appointed To Methodist Minister

The Methodist Church has employed an assistant to the pastor. The assistant is Miss Gayle Doggett, of Kosciusko, Mississippi. Miss Doggett is a graduate of Millsaps College, and has been teaching at Brandon during the present school session. Some of Miss Doggett's duties are: the sacramental duties of the church, visiting in the home of people, and helping to promote the whole program of the church. At present she is directing a School of Missions for the church. Miss Doggett's home here in Grenada is 710 Mound, with Mr. and Mrs. W. H. Crowder.

Howell, Calhoun City; Mrs. Joe McCain, Carrollton; Mrs. J. G. Sweat and infant, Big Creek; Mrs. Rice Pressgrove, Grenada.

Friends of Mr. and Mrs. Barney Echols will rejoice with them in the news they received last week from their son, Lt. Echols, known to his friends as "Rhuber" Echols, stating that he had arrived safely at an island in the South Pacific. He met another Grenadian, Ed McCormick, son of Mrs. Nan Barwick McCormick on this island. Good luck, boys.

Glenwild Plantation Sells 60 Herefords For \$33,000.00

At a sale at the famous Glenwild Plantation, three miles south of Grenada, Monday, 60 head of fine Hereford cattle were sold to buyers gathered here from all parts of the South. One heifer sold for \$2,105.00. One bull sold for \$1,500.00. The average price for each animal was said to be \$561.00.

The plantation, once a giant cotton and corn plantation during the ownership of the late Major A. J. Simpson, was bought in the 1920's by John Borden, of Chicago who spent between one and two millions of dollars in fencing and building. Several years ago, the property passed into the hands of F. C. Wagner, of Danforth, Washington County, who converted it into a cattle ranch. The price that his cattle brought shows the care that has been used in selecting and breeding.

Army Wives Club Of USO Hold Meeting

The Army Wives Club of the Grenada USO held its second meeting on Wednesday, February 10, 1943, at noon. Approximately forty wives of enlisted men and officers attended. A committee composed of the army wives prepared and served a delicious luncheon at 12:30, after which the group spent a very enjoyable period playing bridge, knitting, chatting and having their fortunes told. Mrs. Lane presided and made several announcements concerning the organization of a First Aid Class, the appointment of a committee of army wives to decorate the USO Club for this Saturday night's Valentine Dance, and a committee to prepare and plan the program for next Wednesday's meeting of the Army Wives Club.

Thursday nights are very popular at the USO, with the old and the young, when they get together for some Old Time dancing. Last Thursday night was the most successful session to date. Mrs. Fanny Morrison is in charge and promises another enjoyable evening this Thursday at 8 p. m.

The USO girls will be present in the form of a Valentine Party. The club will be suitably decorated by a committee of Army Wives and music will be furnished by the newly organized "Grenadiers."

The USO girls will be present in large numbers and the affair will be featured by novelty dances. Open house is held all day each Sunday at the USO Club, from 8 a. m. to 11 p. m. A special program will be presented this Sunday afternoon at 3:30, after which the usual refreshments will be served. A large group of boys from Camp McCain and the Grenada Air Base are expected.

Rule Enters Bainbridge A. A. F.

Having completed pre-flight and primary training Richard Toman Rule, son of Mrs. Gladys Rule, 407 Oak Street, Grenada, Miss., is now a basic flying cadet at the Bainbridge Army Air Field.

Cadet Rule attended George Washington University, Washington, D. C. and was connected with the Federal Bureau of Investigation before entering the Air Force in April, 1941.

The Bainbridge flying field, a unit of the vast Army Air Forces Southeast Training Center, is commanded by Colonel R. E. L. Choate, a veteran of 3 years Army experience.

After completing courses here in flying, airplane and engine operations, radio code, radio communications, military law, military hygiene and meteorology, cadet Rule will be sent to another field for advanced training, his last before receiving the wings and bars of a flying officer.

Valentine Day Celebrated At Camp McCain

The enlisted men of the 87th Infantry Division celebrated Valentine Day, Tuesday, February 9, at a gala dance sponsored by the Division Artillery, under the command of Brigadier General Russell G. Barkalow.

Service Club No. 2 was decorated for the occasion with large hearts and gay bunting. The music was supplied by a ten piece band made up of enlisted men. A floor show was presented by the Nat. D. Rodgers, Inc., Camp Shows.

Young ladies from Winona, Grenada and other towns were present to act as dancing partners for the soldiers. Arrangements for the affair were made by Major Casteel and Lieutenant T. A. Tjell, Division Artillery Specialist Services Officers.

The old lady is going to Chicago Sunday for about a week. Hope it does not get cold during her absence.

MEN OF THE Infantry Division

The 87th Infantry Division has for its Regimental Commanders three men whose long experience with the Armed Forces and whose tested and proven ability in administrative details makes them valuable assets to the organization.

A Regimental Commander has many vital duties which must be carried out. He is responsible for the care and

COLONEL EGDMONT F. KOENIG
Commanding Officer 348th Infantry

preservation of equipment issued to the troops and his command and for the administration, instruction and the tactical efficiency of his men. His ultimate goal is the employment of his regiment in battle and towards that goal are all his efforts directed.

Commanding Officer of the 348th Infantry Regiment is Colonel Egmont F. Koenig, who is eminently qualified to handle and train raw recruits for active participation in any one of the far flung fronts of this global war.

Born in New York City, April 23, 1892, Colonel Koenig was educated in New York City Schools and abroad. In 1911 he graduated from Columbia College with the degree of Bachelor of Arts and the following year received from the same institution his Master of Arts degree.

When World War I splashed across the face of Europe, Colonel Koenig covered it as a correspondent for the New York World and saw service with the British Intelligence. In 1918, however, he entered the Regular Army and from then on served with various Infantry Regiments, the 21st, 17th and the 35th Infantry.

Shortly after the War Colonel Koenig saw service in Alaska and during 1919-1920 commanded all the U. S. troops there. He was an instructor at the Army Industrial College, 1922-24, the Calvary School, 1929-1930, and the Command and General Staff School, 1933-1940. Between the years 1933-1935 he saw service in Hawaii.

Colonel Koenig was a member of the War Department General Staff from 1940-1941. He was commandant of the Army Forces Air Intelligence School, Harrisburg, Pennsylvania from the time of its opening, April 1, 1942 until ordered back to duty with the army ground forces as Regimental Commander.

In the near future the men of the 87th will be engaged in combat. Their actions and ability to overcome and destroy the enemy will reflect the excellent qualities of their commanding officer.

Mr. Austin B. Bryant Died Here On Monday

Mr. Austin B. Bryant, died in his home on Adams Street Monday, February 8, 1943.

GRANT-LOONEY

A wedding of interest to their many friends here occurred on Saturday, evening, February 6, 1949, when Miss Marjorie Looney, daughter of Mr. and Mrs. G. T. Looney, of Huntington, Tenn., became the bride of Sgt. David L. Grant, son of Mr. R. A. Grant and the late Mrs. Grant, of Syracuse, N. Y. The single ring ceremony was said at the Methodist parsonage, with Rev. W. L. Robinson officiating. They were attended by their close friends, Sgt. and Mrs. Lovick Lowe.

The bride was attired in a handsome Spring outfit of beige which featured a charming dress of crepe with matching coat. Her accessories were red and her corsage was of roses. She is Secretary to Attorney W. A. Lomax and plans to continue her duties at that office.

The groom is a Sergeant in the 345th Inf. Cadre now stationed at Camp McCain. After a short honeymoon the young couple returned to Grenada and are at home at the Brunson house on Line Street.

ALL SAINTS AUXILIARY

On Monday afternoon All Saints Episcopal Auxiliary met in the home of Mrs. L. J. Lusk on South Street. Fourteen members were present. Mrs. W. Whitaker, president, presided. Mrs. Sax Weir, devotional chairman, led the members in saying the creed and special prayers. Mrs. Sherwood, secretary and Mrs. Burkley, treasurer, gave their reports.

The address of Mrs. Robinson, president of Council of Church Women, who has just completed her 3 year term of office, which was given at the 52nd Annual meeting and held at Jackson on January 19-20 of this year, was read by Mrs. Whitaker.

All reports of committees were given and new chairmen were instructed by letters from state officers concerning this year's work.

Meeting closed with benediction. Auxiliary will meet at the home of Mrs. Harry Burkley, Monday, 15th.

PRESBYTERIAN ANNOUNCEMENT

On Monday, February 15th at 2 p. m. the Auxiliary of the Presbyterian will meet at the church for Foreign Mission study. The interesting book, "On This Foundation," by Ryeroff, will be reviewed, and all members are urged to make a special effort to be present. At the social hour, refreshments will be served.

RED CROSS ACTIVITY

Mrs. Frank Gerard, chairman of Red Cross volunteer work, announces the formation of a class of staff assistants. The first lecture was given Wednesday morning at 10 o'clock, when Rev. Robinson, Methodist minister, gave a talk on the origin and purpose of the Red Cross. There are two meetings planned each week, on Tuesday and Friday at 10 a. m. The class is to have 10 hours of lectures and 10 hours of practical work.

A minimum of 18 hours work per year will be required of the trainees. The meetings are to be held in the Ladies' Rest Room on Depot Street.

Mrs. Lamar Chamberlain visited her husband, Cadet Lamar Chamberlain, at Biloxi last week-end.

Thursday Mr. and Mrs. S. L. Phipps and Mr. and Mrs. W. T. Watson and their son, Lamar, who is in the Navy, stationed at San Diego, Calif., visited their mother and grandmother, Mrs. J. L. Acee, who is ill.

Mrs. C. C. Ferrill, of Meridian, is the guest of her children, Mr. and Mrs. Charlie Ferrill and family. She will remain here for a nice visit, and be in the home when Mrs. Charlie Ferrill and infant daughter, named Corie-lla Case, born February 5, come home from the Grenada Hospital.

Mrs. H. G. Hathorn, of University, Miss., and her son, Charles Hathorn, U. S. N., also Prof. N. C. Hathorn and family, of Charleston, were guests on Sunday last at the Methodist parsonage, visiting their daughter and sister, Mrs. W. L. Robinson and family.

Mrs. Bryan Board, of Lexington, Ky. who has worked for Chas. T. Main at Kingsport, has been transferred to Grenada to work in their office here at Camp McCain.

Miss Katie Lou McCain, of Carrollton, was a guest in the home of her cousin, Miss Jane Young several days recently. Her brother was ill in the Grenada Hospital and she desired to be near him.

Rev. Roy Gresham, who is now a Chaplain, with the rank of Lieutenant at Camp Beckenridge, Ky., has been visiting with his family, who now resides at Greenwood. He was in Grenada Monday and Tuesday of this week. Mrs. Gresham came to Grenada Tuesday to attend the funeral of Mr. A. B. Bryant.

IRIS CLUB

On Thursday, February 4th the Iris Club met in the home of Mrs. Will Hill.

The rooms were beautiful and fragrant from the profusion of early Spring flowers. One especially artistic arrangement of Stylis Iris, hyacinths and Maiden-hair fern from Mrs. Revell's garden was presented the hostess by Mrs. Revell.

In the absence of the president, Mrs. Hill welcomed the new members, Mrs. J. D. Dyre and Mrs. John S. King, and the returned member, Mrs. W. E. Boushe, who has been absent for several months.

After a business session in which a Nutrition School to be sponsored by the club was discussed, committees were appointed to look after the various Iris plantings, and other plans made. Mrs. Glenn Thomason gave a very interesting and instructive talk on "Paint Your Garden with Rainbow Colors." She called attention to the guide as to the best landscaping of Iris. The program closed with a round table discussion, led by Mrs. Revell, on Iris Ills.

Mrs. Hill, assisted by Mrs. Jay Gore, served Coca-Cola, ice cream and cake to fifteen members.

BROWN-LUCAS

A very beautifully planned wedding was solemnized on February 4, 1949, at the 346th Infantry Chapel at Camp McCain, at 8 o'clock in the evening, when Miss Dorothy Lucas, of Lexington, Ky., became the wife of Sgt. Lyle Brown, native of Sioux City, Iowa, and now of Camp McCain, Miss. They were attended by the sister of the bride, Mrs. Bryan Board, of Lexington, Ky.

The Chapel was decorated with lovely pink roses arranged in wicker baskets. The Rev. Mr. Allison, Chaplain, with rank of Captain, officiated. The bride was attractively attired in a suit of powder blue with matching hat and her corsage was of pink carnations with silver ribbon.

A group of friends of the attractive couple were present, including the Major of the 346th Infantry.

BUSINESS GIRLS ENTERTAINED

On Monday evening the Presbyterian ladies served supper to the members of their Auxiliary who are engaged in business during the day and find it inconvenient to attend regular afternoon meetings.

On this occasion a Valentine motif influenced the decoration and table service. The delicious supper was served to about twenty-five members. Two of the members were honored at this time. Mrs. Dennis Parks, a recent bride, the former Miss Albert Johnson, was one of the honorees. Her friends showered her with many lovely kitchen utensils.

The other honoree, Mrs. Joseph T. Haddakin, Jr., nee Mary McEachern, was the recipient of many lovely gifts in the miscellaneous shower planned for her.

ELEMENTARY MUSIC RECITAL

An Elementary Music Recital was given in the high school auditorium by the music students of the Elementary school, assisted by a few students from the music department of the high school.

Mrs. Elwood Worthington's friends in Grenada will be interested to learn that she is again in Natchez after a year's travel with her husband over ten states.

Miss Louise Sanderson is visiting her aunt in Monroe, La., this week.

Officers Installed

The Young Woman's Auxiliary of the First Baptist Church met Monday, February 1, and observed the installation of the officers and committee chairman for the year 1949.

The meeting opened with the singing of the L. W. A. Hymn, "O Zion Haste." Then Mrs. Clyde L. Thomason, the counselor, welcomed the guests who were Reverend G. E. Wiley, Reverend Levon Moore, Mrs. C. E. Lockett, Mrs. E. R. Green, and Mrs. H. J. Ray.

The devotional, taken from Daniel 12:3, was given by Mrs. E. R. Green, former counselor. Reverend Wiley led the prayer. Juanita Smith then presented Mrs. Green with a gift of crystal candle holders as a token of appreciation from the girls for her devoted service to them.

The installation service written by Mrs. Thompson, was unique in that it was symbolically presented. Each officer and committee chairman was given a symbol of her office.

Those who were installed and received symbols are as follows:

President—Hattie Mae Wilson who received a magnifying glass that she might magnify the duties and activities of U. H. A.

Vice-President and Enlistment Chair—Margaret Spain who received a "fishing outfit" that she might "fish" for new members and cast about for absentees.

Secretary Imogene Hardy who was given a notebook with her name written in gold on it in order that she might keep a record of the proceedings of the organization.

Treasurer—Juanita Smith who was presented a purse with her name in gold on it symbolizing her duty to collect and disburse all money taken in and to promote interest in tithing.

Community Missions Chairman—Melba Darras who was given a New Testament that she might emphasize the spiritual aspect of Community Missions.

Mission Study Chairman—Mary Nell Rayburn who received a porcupine quill from Nigeria, Africa, symbolizing world-wide interest in missions.

Program Chairman—Flora Parks who was given a subscription to "The Window of Y. W. A." in order that she might plan interesting and instructive programs.

Publicity Chairman—Margaret Green who received a pen stick with her name in gold on it emphasizing the importance of posters, invitations, and "write-ups" of activities.

Literature Chairman—Wilma Carter who was given a copy of "The Window of Y. W. A." the official magazine that she might interest others in subscriptions.

Music Chairman—Ruth Townes who was given a song book so that music would be a part of each meeting.

After the installation, Hattie Mae Wilson presided. During the business the following plans for Focus Week were adopted.

Sunday, February 7, Y. W. A. friend day.

Monday, February 8, Mission Study.

Tuesday, February 9, Mission Study.

Wednesday, February 10, Attend Prayer Meeting.

Thursday, February 11, Enlistment Night.

Friday, February 12, Community Mission and Valentine Party.

A lively Bible party was the social hour feature. In Bible contests Juanita Smith won a miniature Bible and Mrs. Lockett won a Bible verse pencil.

Mrs. H. J. Ray with Mrs. Thomason as co-hostess served delectable cookies which were fed with the organization initials, Y. W. A. and much. After a prayer led by Mrs. Thomason the meeting was adjourned.

Clean-Up Of Draft Delinquents Under Way

Colonel L. W. Long, state director of selective service, has stated that an intensive drive is being made in order to clear up all delinquencies on the part of registrants of the selective service system.

The first two weeks of February will be occupied with an intensive campaign on the part of selective service, United States attorneys, and the federal bureau of investigation as well as, other organizations and agencies which have been called upon to aid in removing delinquents from the list.

Every male who was between the ages of eighteen and forty-five when he registered is cautioned to have with him at all times his registration certificate and his classification card. The classification card is now made in the same size as the registration certificate so that it may be easily carried by the individual.

The (alluvial) tax list in this county will be shorter than in many years. I predict. Good times, combined with the acquisition of so much land by the government accounts for this.

Submit Additional Petitions

The petition to the City Council asking that the matter of changing the City Charter to permit the City Council to appoint the City Marshal and the City Clerk (and all other officers and employees of the City) was checked by the City Election Commission, which reported to the City Council Monday night that the petition lacked several names of having the required 20 percent necessary to submit the matter to a vote of the people.

Undoubtedly it was within the legal province of the Council forthwith to incorporate the change into the Charter. However upon a motion of Alderman Lilly, seconded by Alderman Ray, the disposal of the matter was deferred until the March meeting.

While I may be wrong in the matter, I believe the majority of the people want to elect THEIR OWN Marshal and THEIR OWN Clerk, and want to keep the few remaining shreds of local self government in their own hands.

I also believe it would be wise for somebody to write another petition, circulate it freely and present it to the Council at the March meeting. The first petition did not have a chance to be presented to any considerable percent of the people as it was started only a few days ahead of time. Certainly the circulation of such a petition would do no harm.

Let's try it. Let's keep a few of our privileges. Let's retain some fragments of local self government

It All Depends On Me

(By Rev. C. G. Scrivens, Colored Presiding Elder of The Grenada District, A. M. E. Church)

I have been asked many times to write something about the war—so please note my subject mention above. I have taken a personal subject. (ME).

The other day a friend who had just returned from England showed me a poster he had brought back. The background is a stormy sky, through which has broken to illuminate the figure of a woman standing with outstretched arms, her hands grasping the hands of others on each side. The other figures are not shown—just the hands. Beneath is a strong chain of single links, emphasizing the feeling of uncounted thousands holding hands across the poster is the line "It All Depends On Me." I have felt very humble ever since I saw that poster. This was no challenging, "It's Your Job." It's up to you, and me! This is your war, (my war). This was a confession of personal faith, a recognition of personal responsibility, and it has made me think.

Am I facing the fact that this is my war? It is my way of life that is at stake. I would not want to live in a world that denied those simple virtues in which I believe, freedom of conscience and speech, the right to worship my God according to my own belief, the sanctity of the home, the freedom of the individual, the honor of the pledged word, the governing of action by right rather than might. This is my way of life. If it is to be retained it all depends on me. Am I working where I can be most useful in this, my war? Am I shirking the job that I should do because it is tedious or because it will interfere with my accustomed routine? Am I serving in the place where I can be of most good? I must make the most out of my working strength and time for— it all depends on me! Am I mobilized for this, my war? Or am I clinging to non-essentials. Over and above my job, have I assumed my proper responsibility as a citizen in my own community? Have I streamlined my life, made wise use of my time, and conserved my health? Am I putting all my resources to work? Am I taking care to conserve that which I have to give up that which can be used for war effort and am I buying no more than is absolutely necessary in order that my dollars may help fight the battle? Money and goods are needed. This is a total war—and it all depends on me.

Am I keeping a soldierly self-control? Am I seeing to it that the whispered rumor stops when it reaches me? That I do not pass on any derisive thought? Am I living my faith? Am I, who talk of the glory of democracy, keeping from my heart and mind all prejudice and hatred toward any one, regardless of class, creed, or color? Am I putting into daily practice the ideals to which I give lip allegiance?

Only in this way can democracy endure—it all depends on me. I cannot close this self-reflecting with a moral, but only with the prayer, in the words of the Psalmist, "Hold up my going in the parks, that my footsteps slip not." It all depends on me. This war must be fought with prayer from the heart and not the lips. We all can not fight, but we all can pray. I am praying that God will help our dear boys, while they are fighting for me. Will you stop long enough to pray and say—It All Depends on Me?

A Fine Record

Before me I have a copy of the official report of "Judge" Andrew M. Carothers, City Judge.

This report shows that during the month a total of \$1,654.25 was turned into the city treasury. "Judge" Carothers receives a salary of \$125.00 a month.

I preached and wrote voluminously for the creation of the office. This report vindicates the judgment of those who, like myself, thought that a City Judge, rather than the Mayor, should try cases of violation of city ordinances.

Seen, Heard and Told By The Editor

Capt. Hamilton and the civil authorities certainly have kept good order in Grenada.

I may be all wet, but I think that Grenada should permit pool rooms, picture galleries and all other amusement places to remain open on Sundays if they wish. Watch the idle, homesick soldiers milling around this small community, with nothing to do, and may be you will agree with me.

Two Gubernatorial Candidates

On Sunday of this week, two splendid men of Mississippi announced their intention of seeking the governorship for the term 1944-1948: Thomas L. Bailey, of Meridian, and Mike Conner of Seminary and Jackson.

Between these two men, there is nothing to choose as regards honesty. Both are honest and conscientious. Each one, I believe, sincerely desires to serve his State and his generation. Nothing can be said concerning the morality of either except that it is above reproach.

The all important difference between these two men is this: that Conner has been tried in office and made an outstanding record, while Bailey is an unknown quality so far as executive ability is concerned.

This is no time for experimenting with unknown quantities. The next governor will serve during a period of reconstruction the vastness of which has never before been known.

Don't Cuss Your Shoe Dealer

Do not cuss out your shoe dealer just because you cannot buy a new pair of shoes every time you go to a party. Uncle Sam has instructed him that you cannot buy but three pairs of new shoes per year—which, in my opinion is enough. You can buy your NEXT pair of shoes any time during the period February 9 to June 15 with Stamp 17 from Ration Book 1.

There is no limit, except the ability of the shoe repairer to turn out work, upon the repairing of shoes.

This is just the BEGINNING. YOU are going to find out that this nation is at war before July 1.

Miscellaneous Thoughts

The Mississippi Press Association meets next Friday and Saturday in Jackson. I believe the members of the country press should insist that, if they give candidates for state office any free puffs, the candidates in turn agree to give some orders for printing to the country publisher-printers; otherwise, the country publishers close up like a bunch of dumb clams.

For too long, all of the printing coming from headquarters of state candidates has been assigned to the very, very few establishments that can use the holy Union Label.

Candidates are just naturally irrepressible. You can not hold them down.

Passing thought: am now peering furtively at a pretty pair of legs of a lady who is talking to the old lady about a room and a job. That's one advantage I have over a blind man.

The dairies of Grenada are to be commended upon carrying on their essential work in such an efficient manner. So far as I have heard, there has been no scarcity of milk in spite of the doubling of our civilian population and the presence in this vicinity of thousands of soldiers.

The officers and employees of the City of Grenada are indeed fortunate I think every one of them have been raised once, and many twice during this administration. This in part is responsible for increased taxation. I know that I will have to pay the city just twice as much as I have already paid the county on the same property.

None of us should forget that the Army Air Base in the end is likely to become a greater asset to Grenada than the army camp. The runways, hangers and roads at the air base surely will be utilized when peace comes, while Camp McCain will become prey to the termites which surely will destroy it.

While Grenada could use a new city hall, I believe it should install another fire fighting station before it makes any more capital investments. We can easily have TWO fires at the SAME time. Then what?

Paul Johnson has not made such a bad governor; in fact he has made above the average governor. A lot of my dolorous predictions failed to materialize.

I will also admit that a lot of my dire predictions concerning the banishment of beer did not materialize. People just passed on to drinking hard liquor without any fuss and todo.

If somebody will just see that I get THREE pairs of shoes a year, I will be better off than I have ever been.

Whenever two or three of us old soldiers get together, we agree that the present war is indeed a "fine war". We thought at the time of the last war that we knew something about goldbricking, but that art has been streamlined.

Captain Usell, the PX officer at the camp has about the biggest job there.

There is too much dam foolishness going on in the federal government that, while I do not approve of it, I have not space to cover it. I guess I will just have to "ride it out," as other Americans will have to do.

The Democratic Party as now constituted is as dead as a door nail. The only thing that has held it together as long as it has been held together in the pap and patronage doled out by the big white chief.

Land, whether in the city or country, will be sitting right there when inflation—an inevitable catastrophe—comes. If you have idle money, you should put SOME of it in land and other "things" and a lot of it in War Bonds. I put a bale of cotton, worth 4 cents a pound, in the compress in 1933. It is worth about 20 cents a pound today. It is the SAME cotton. It's the result of CHEAP-ER money.

Dear Dorothy: be a good student as you seem to have been doing, judging from your grades at the School of Journalism at Columbia, Missouri.

Mr. McNutt, the Man-Power Commissioner, says, "Unless a man between the ages of 18 and 38 is working in an essential war industry he can expect to be inducted into military service within the next year." Work or fight. Is what that means to the man between 18 and 38.

Mike Conner has been making some fine speeches, according to the press. Somebody ought to have him up here to address one of our civic clubs.

If George Morris is right—and he usually is—a party of investigators was sent from the United States to Russia to find out what mysterious process Russia had for producing rubber. This party, according to Morris, found a very simple answer. The Russians were getting rubber through Lend-Lease from our dwindling stock pile, and were swapping steel with Japan for other rubber. If true, that's a hell of a note.

Dear Herbert and Esther: the old lady is figuring on coming to Chicago about the 15th of February.

Non-Essential Calls Helps
Clear Lines for Vital War Calls

You bet it's pleasant to talk with friends over the telephone, just as it was pleasant to take those long Sunday afternoon rides when we had plenty of tires and gasoline.

But social calls must be handed over the same local telephone facilities as war calls. There is a definite limit to the number of calls these facilities can handle at the same time, and when more calls are made, some must wait.

With telephone equipment already burdened with war calls, non-essential calls may delay necessary calls, so we are requesting your voluntary co-operation to reduce unnecessary calling.

Under normal conditions we would expand our facilities to care for the increased volume of calls, but we cannot do that now because the needed materials are going into war weapons.

So won't you help by making fewer local calls? And when you must make a call, won't you please try to make it as short as possible?

Potash GROWS NITROGEN

Good stands of well-fertilized legumes will take from the air and return to the soil more than 100 pounds of fixed nitrogen per acre. To have the plants operate at full capacity and efficiency, a balanced fertility program providing for lime, phosphate, and potash must be followed. Since legumes are greedy feeders on potash and remove large amounts of it from the soil, this nutrient is very important in "growing your own nitrogen" for the following crop or grass-legume pastures.

If you are in doubt as to the fertility of your soil, consult your official agricultural authorities regarding soil tests and proper fertilization. Write us for free information and literature.

U. S. O. Dance Last Friday Night

A bevy of lovely young ladies and their chaperones met at the USO Center Friday night and were transported to the new recreation building for 33rd Signal Corps in Army trucks. Other guests included fourteen young ladies from Water Valley with their chaperones, Mesdames Robert McLarty and Roy Bennett. A group of young ladies from Duck Hill, with their chaperones, also added greatly to the occasion by their presence.

Lt. Friedberg and Lt. Chambers were the officers responsible for the many pleasant features arranged for the evening.

For the first time on the dance floor at Camp McCain a very splendid drill was "put on" by the soldiers for the ladies' entertainment, and all announcements were made over the public address system.

Prizes were given in dancing contests and the ladies receiving prizes were Betty Jane Yeager and Mrs. Roy Bennett, chaperone from Water Valley.

Pvt. Sam C. Mims, of Grenada, Miss., arrived at the Finance Replacement Training Center recently to begin his basic training in finance.

He is the husband of Mrs. Olivet S. Mims, 119 Sulder St., and the son of Mr. and Mrs. S. C. Mims, Jr., of the same address. Prior to his induction, Pvt. Mims was an assistant cashier for the Louisville branch of Grenada Bank.

FORTNIGHTLY CLUB ACTIVITIES

The Fortnightly Club, whose membership is composed of young matrons and maids of Grenada, is doing a great work among the underprivileged children attending the Grenada schools.

In making a check of their activities we find cause for a public expression of appreciation to each one of them for their truly wonderful work. At their most recent meeting (February) the Fortnightly Club presented a hundred dollar check to Miss Lizzy Horn, Supervisor at Grammar School, to be used as an emergency fund, such as for the purchase of medical supplies, etc.

The club also reports of having furnished 1,071 half pints of milk in January to children, and 1,008 half pints in November and December of '42. The report shows that 94 children were in this group getting milk regularly.

87th Infantry Division Valentine Dance

The 87th Division Artillery instead of Dan Cupid was host to the Valentine dance last Tuesday night at Camp McCain. Large groups of charming young ladies from Grenada, Winona, and other neighboring towns did their share in keeping those "Valentine blues" away from the men of the 87th.

A ten piece orchestra made up of soldiers supplied the music while a floor show, introduced by Sgt. Art Turnbull, completed the entertainment. Valentine decorations and artillery guidons dotted the hall.

Present at the dance, besides the enlisted men, were Brigadier General Russell G. Barkalow, Division Artillery Commander; Major Charles Castee, Artillery Special Service Officer; Major Perry E. Comant, Division Intelligence Officer; Major Louis R. Castor, Division Personnel Officer, and many others.

Later in the evening Major General P. M. Clarkson, Division Commander, visited the Service Club.

The successful affair was planned and arranged by the Division Artillery Special Service Officers and received the cooperation of many others such as Mrs. H. A. Alexander of Grenada and Mrs. Johnny Harpole of Winona.

"Work In Essential Industries Or Fight" Says McNutt

"Unless a man between the ages of eighteen and 35 is working in an essential war industry he can expect to be inducted into military service within the next year," says Paul V. McNutt, War Manpower Commissioner. Unless your job is connected with the war effort you should prepare to get a job in some war plant. Dependence is no longer a basis for deferment. Your job will be the basis for your future classification.

Prepare yourself in aircraft shop work to fill an essential job in some war plant. Training is offered in Grenada, free of charge to both men and women.

Eight to twelve weeks will prepare you to hold down well paying jobs in local and nearby war plants. Enlist at either of the schools. Applications are being taken at the aircraft school on Depot Street, across from the Spotless Cleaners. Further inquiries should be addressed to L. E. No. 7, worthy, Supervisor, Grenada, Miss.

Camp McCain News

One of the gala occasions at Camp McCain was the formal dance in Recreation Hall 3002, Area 1, given for the men of the 33rd Signal Construction Battalion which took place Friday night, February 5th and which was the first dance for this Battalion.

Those ever gracious Grenada ladies who have done so much to make the USO known for the welcome and hospitality it proffers the soldiers with Mrs. Mims in charge, chaperoned about 60 young ladies from Grenada, Duck Hill, Winona and surrounding towns and were transported to the Camp by Army trucks. Major Robert D. McKie, Commanding Officer of the 33rd Signal Construction Battalion, personally greeted the visitors and made them very welcome. Lt. Chambers and Lt. Freeburg, special officers in charge, certainly showed all manner of thoughtfulness and everyone combined to make this affair one of the most successful held.

A short intermission was kept lively by a community sing and an informal drill by the men themselves. There seemed to be nothing too great nor too small for them to do to show their appreciation at having the ladies present. One of the young ladies present offered her services as a song leader and also gave a solo, "One Dozen Roses," which was very much enjoyed.

We noticed so many of the men were from New York as well as Delaware, the middle West and Southwest. We hope that each and every one of them will find Grenada as anxious and capable of making their stay here as pleasant and something to remember as they have made their first dance.

And after those happy memories of the dance it is with great regret that we bade good-bye to Dale Savage of the Jones Company. Alas, duty called Dale to Greensboro, and he is one man who always does his duty. Good luck, Dale, and don't forget us back here.

Mrs. Myrtle Kelly spent the past long week-end with her mother in Vicksburg. Myrtle's great problem now is whether to go to Alaska for the summer or settle for a cottage near Grenada.

The Military Maids enjoyed an informal dance Thursday night at Service Club No. 1, given by the Station Complement. These informal dances are greeted enthusiastically and are always a great success.

The young ladies and their chaperones met at the Barwin Hotel and two buses transported them out to the Service Club.

Mrs. H. A. Alexander, Mrs. Walter V. Davis and Miss Mary Elizabeth McNeil always make the events something to look forward to and prove very charming chaperones.

A Valentine Dance was held this Tuesday night at Service Club No. 2 for the 87th Division and everyone

eagerly looked forward to it. Miss Cynthia Wade is in New York this week. Is it the Navy or the Waves, she is gathering information about should she decide to join hands in some connection?

Misses Lorraine Van Delden and Mary Etheridge spent last week-end in Memphis.

Gilbert Rattle is on leave visiting his people subject to his being called to the Army. We hope he will be back to see us before he leaves and wish him the best of luck always.

Don't know why this article should follow the above, but Miss Mildred Halles is now living in Water Valley. Do you think it possible Bessie Ray could be persuaded to change her mind and not go to Alaska?

Mrs. Irby is liking the Air Base now that there isn't so much mud. We couldn't get a statement from Lou D. Scott as she is still filling out papers for the Government.

We are missing a lot of people from around here who need to help us make news, so if this turns out to be dull reading, don't blame us but take it as a hint to drop around sometime.

A Merchandiser's Story

Among the great fields of endeavor two are very outstanding. One is to feed man with spiritual food and the other is to feed man with material food. Not being worthy and capable of spiritual feeding, we do our level best to pour the material to him.

RIGHT MENTAL ATTITUDE

Before trying to supply man with our food, we first try to have the right mental attitude toward every person who raises the latch on our door and make them feel that they are not entering just another store, but are in a place where they are the honored guest.

BEATING AROUND THE BUSH

There's no need for us to beat around the bush, but we'll admit to the fact that we get a real lot of genuine satisfaction from serving the fine people whom we contact daily, although occasionally some one drifts in who don't know the war is on and we have to explain to them that some item that is out of stock is needed by our boys in the FOX HOLES more than we need it.

TOMORROW IS ANOTHER DAY

We appreciate each day's business but we are trying to serve well today in order that we may serve better tomorrow. Every transaction must be satisfactory to both buyer and seller to be complete.

SATISFACTORY SUCCESS

Success doesn't mean owning lots of jewels, money or lands but in doing the things you like to do and doing them better each day. We like to serve you and serve you better each day.

COTTON PRODUCTION FOR SPEED VALUE

In the latest issue of the "Cotton and Cottonseed Press," a publication devoted to the cotton gin, oil mill and allied industries, brought to our office by Mr. J. B. Perry, Sr., is an article similar to one written in the Grenada County Weekly about a year ago, in the column, "Through a Woman's Eye" and again discussed editorially in the GCW early in May, 1942.

The article brought in by Mr. Perry is aptly called "Oil Seed Problems in the Cotton States" and asserts as we did that although the government designates cotton seed, soy beans and peanuts as the oil producing seed for southern farmers to grow, it is the expressed opinion that cottonseed is the seed that is and will continue to be the best source of oil and of additional by-products, such as lint, linters and hulls.

It is the positive policy of the United States Department of Agriculture to discourage the production of cotton and to encourage in its place the production of other crops. The department recently announced orders prohibiting the delivery of nitrogenous fertilizers to cotton growers until the requirements of other crops have been met. This is done to increase the production of crops vitally needed for war. The operators of crushing establishments are prepared to crush cotton seed, peanuts and soy beans and have some data on what has happened in recent months.

In 1942 peanut acreage was increased 115 percent over 1941 quota. However, on basis of information obtained from the Department of Agriculture itself, peanut oil production fell 23 percent below that of 1941 crop. Despite the ordered increase in soy bean acreage in the Cotton Belt, the amount of oil obtained has been very disappointing and southern mills are crushing soy beans shipped here from the West.

Cotton is unquestionably the chief source of oil production in the South or Cotton Belt. Cotton yields the nation 10 times the quantity of essential edible oil obtained from peanut and soy bean crops combined. Cotton, peanuts and soy beans each yield oil and protein. Here, however, the similarity between cotton and these other crops ceases—cotton will produce over a million tons of hulls, which in addition to their normal use of feed stuff are now an essential material for the production of synthetic rubber and aviation gasoline, cotton will supply the nation with 1,400,000 bales of lint, the basic material of high explosives, plastics, photographic film, and other implements of war. Peanuts and soy beans will not furnish one pound of such material. The 1942 crop will yield 12,982,000 bales of lint cotton which the Quartermaster Corps of U. S. Army has recently described as "second only to steel as the most vital war material." Soy beans and peanuts will not yield one pound of this essential material. Cotton carry-over in 1942 of 3,000,000 bales is hopelessly insufficient to meet the needs of devastated nations, and we of the South need to produce more.

The writer of the magazine article stated that in order to produce more peanuts and soy beans, the average farmer will need new equipment, there by calling for farm tools manufactured of rationed metals and assembled in factories already short of labor.

Mr. Perry, owner of the Grenada Oil Mill stated that the 1942 crop of peanuts and soy beans in Grenada county

Sand, Sun And Jerry Are Tough On Desert Airmen

By G. K. Holdenfield in "Stars and Stripes"

A DESERT BOMBER BASE—Soldiers plodding through the mud all the way from Casablanca to the suburbs of Tunis (not forgetting Cran) should have a drooping sigh for the man stationed out here where the desert begins.

They haven't seen enough water since they've been here to wet down a three-cent stamp.

Out here it's dry—dry and dusty. The wind blows just long enough to lift huge chunks of Arab homeland into the sky. Then the wind stops, and the dust begins to settle. It settles in your hair, in your teeth, in whatever you're using for a bed. It drifts into your ears, into your nose. You breathe it, drink it, eat it.

Out here, too, is the test, and the proof of the ingenuity of the American soldier in the field. The housing situation serves as an example. The F. H. A. would quail in its boots if it saw some of the things I've seen. These GI's got sick and tired of leaving their pup tents and running to fox holes or all trenches every time Jerry pays a call. They decided to build underground homes.

LUXURY IN DESERT

Perhaps the most elaborate is one dubbed "Shake-Up" by its builder—residents. It measures 15 feet by 10 feet and is dug down four feet four inches into the hard yellow clay. Two rows of gasoline cans, packed with sand to make them bullet-proof, raise the ceiling another 19 inches. The roof is a piece of tarp lightly covered with sand.

Six steps down take you into the room which boasts three Army cots, a kerosene stove and lantern, a broom and oil. (count 'em eight) cases of canned rations.

They use the cans for the purposes—hot water for shaving and washing, meat, and a stove for frying eggs purchased from the Arabs.

Others are much smaller, not so elaborate. Several are just big holes dug under a pup tent. But big or small, they serve the same purpose, a combination bedroom and air raid shelter.

They're constructed laterines out here that would put Chic Sale to shame, for the "Specialist" never had

was of no consequence.

The average southern tenant, whether a white man or negro, the average southern landowner and the banker in the Cotton Belt are not familiar with the growth of peanuts and soy bean crops. The farmer doesn't know what kind of land to sow his seed in and the banker doesn't want to let out money on an uncertain crop. If the cotton states were unrestricted in cotton acreage and produce a bumper crop in 1943, the administration could order a federal tax on cotton produced on the increased acreage, keeping in mind a farmer's allotted acreage during the past few years. A federal tax could be levied also on the extra tonnage of seed produced from the increased crop. A great amount of tax money would be paid into the treasury by this plan and the compresses and oil mills of the Cotton Belt would have a greater treasure than Fort Knox, Ky.

RATING PLACES FOR SOLDIERS

Grenada will be called on to serve extra meals and "snacks" for about 40,000 soldiers before long, and if anything definite is being done, we haven't heard of it.

Grenada does not need any more "hole in the wall" type of eatery. Grenada needs a huge cafeteria or restaurant such as Britlin's or the Y. M. C. A. operates. Grenada needs these places of business badly and if big business comes here their coming would not adequately meet the demand to be made, not only by soldiers, but by thousands of women who work at the camp, who are here to be with their soldier husband or son, who live in rooms where cooking is not allowed.

Now is the time to think of this problem. Next summer, when the weather is pretty and about 15,000 men come to town on pass will be too late.

to make his creations bullet-proof. These guys filled gasoline cans with dirt and stacked them eight or ten high. The interior carpentry combines parts of bomb racks with slabs off his GI stew cases.

PACKING CASE HQ.

Boxes and boards are the desk used in the headquarters. Bomber crews are briefed in a tent that keeps some, but not all, the sand out and the operations maps are tacked or nailed on improvised wooden backboards.

The camp even has a barber shop. It consists of those ever-present gasoline cans, three of 'em. Somewhere the barber found two sheets, one for himself and one for the customer.

Planes hate to be repaired and patched up at any station (this is no exception). Organizational equipment for this camp didn't include air-conditioned repair shops with indirect lighting. The work is done out in the open, and storms or no sand storms.

When a plane cracks up or develops engine trouble that sends it to the "bone yard" its period of usefulness is only beginning. The supply squadron takes it over and issues spare parts for the repair of other planes. If you want a length of radio wire the supply officer will issue it to you. If you bring your own pair of pliers. Planes that have been out once and shot down go out many more times as parts of other planes.

NO FORMALITY

The formalities go overboard in this sort of a war. Officers and men use the same chow line and the same line to wash mess kits. It's not at all unusual to see a full colonel sweating out his corn willy or stew behind a block-long line of privates and non-coms.

Formations are unknown here. A man has his work to do and he gets it done. That's all there is to it. After the evening meal most of the men grab shovels and work on that underground pup tent. The officers build their own.

The matter of beards is left to the various company commanders. Nobody jumps on your neck for not being clean-shaven. As many officers as men sport heavy growths of beard, some fancy, others just plain scruffy beards.

The uniforms depends entirely on the man's belongings and the current weather. You put most of your clothes on in the morning. You start taking them off as the sun gets up. In the afternoon you start putting them on again and when you have all your clothes on and you're cold, it's time to go to bed.

WORK IS RECREATION

They don't worry much about recreation at a place where the best sport is knocking down enemy planes and plastering hell out of anything that looks like the Axis. But somebody dug up a volleyball net and ball and found two palm trees to be used as boundaries. And you've never seen a really rough game until you watch the Sahara version of sandlot football.

The nearest town is just far enough to make it too far to walk in the sun. And there's little there anyway except gyp joints and naked youngsters selling tangerines. The biggest attraction in town is the shower bath. You're dirty again by the time you get back to camp but it was nice while it lasted.

You see some strange items at this place, but you don't ask any questions.

You don't ask where the fellows got their sheets, their brooms their cases of canned stew, their kerosene stoves and lanterns. You don't ask either, how those two members of a B-26 combat crew managed to smuggle an accordion and a guitar into their barracks bags. And when a sergeant in a maintenance outfit offers you a drink of Bourbon you take it.

"THE RECORD OF THE RAILROADS AND SHIPPERS LITERALLY GLITTERS WITH ACHIEVEMENT"

FRED A. SCHLEIFER, GENERAL CHAIRMAN
Mid-West Shippers Advisory Board

ONE OF THE FINEST examples of cooperative effort that has yet come out of the war is that of the shippers and the railroads. Their cooperation has made possible the greatest rail transportation achievement of all time—a freight movement in 1942 that totalled 630 billion ton-miles!

To speed up the movement of freight, shippers all over the country set to work with a will. Hundreds of vigilance committees were formed to assure the cooperation of the shippers in the movement of the nation's business.

Freight cars were kept on the move. Loads were heavier, and loading and

unloading took less time. Car loafing was largely eliminated, and car detention was greatly reduced.

The general chairman of the Mid-West Shippers Advisory Board has well said that this record of cooperation "literally glitters with achievement." And there will be no let-up in the effort.

We salute the shippers for what has been accomplished. Their contribution to the war effort has proved invaluable. The Illinois Central is proud to be associated with them. This is the kind of cooperation that wins wars.

Rather Late Hour to Be Changing Instruments

The street musician was tired, and the motorist agreed to give him a lift to the next town.

As they were racing at terrific speed down a hill, the motorist suddenly shouted above the noise of the car: "What instrument do you play?"

The musician shouted back: "The violin!"

The driver crouched over the steering wheel, peering ahead. He yelled: "That's a pity!"

"Why is it a pity?" demanded the musician.

"It's a pity you don't play the harp!" yelled the motorist. "The brakes won't work!"

Prints Styled for Wear Now And Right on Through Summer

By CHERIE NICHOLAS

In the initial spring showings many lace prints are shown, also vine and leaf patternings most artfully designed. For immediate wear under your coat soft rayon slanting in bright "victory" blue is printed with a white lacy dolly pattern for the slim-line little suit frock shown to the left in the above picture. Its long basque-like jacket and graceful skirt with front fullness are high-style accents. Snowy linen-type spout rayon is flatteringly scalloped for the becoming turned-back collar and cuffs.

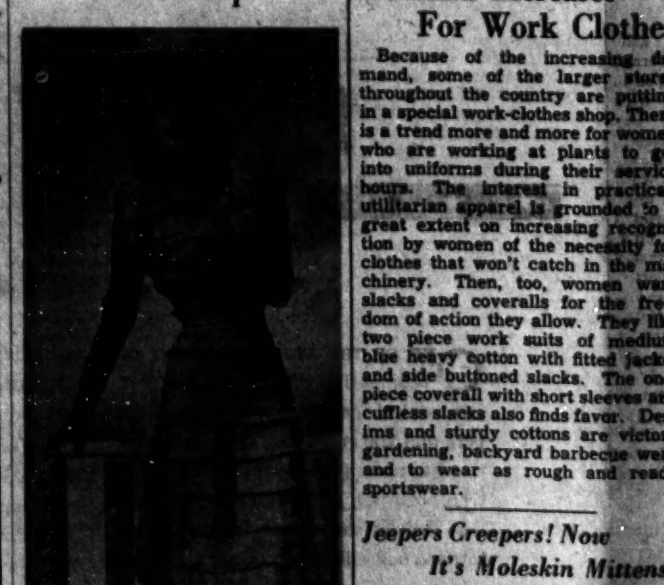

Many fascinating things are being done with prints, such as styling them with the fastenings and cunning little bows, or draping them over to one side where they fasten with long tassels keyed to some color in the print. Or they are apt to be trimmed with narrow self-print platings edged with lace in black, white or a pastel shade. The print with a sheer, pastel top or yoke is also an intriguing theme. There is a profusion of dainty lace featuring along sleeves, pocket and neckline edges, and very new is the lace edging that finishes off the hemlines of narrow skirts.

The cathedral prints are so called because they're the colors of stained glass windows, and swank patterned rayons copy alligator skin effects. Everybody adores the prints with sequin-studded print flowers that glisten against navy or black grounds. If you are clever, you can get enchanting effects by embroidering just one or two flower motifs yourself with sequins or glittering beads. The result is really effective and gives just enough sparkle to keep your print dress in perfect taste.

A gorgeous print with a distinctively new look delineates cord-and-tassel motifs that gracefully and colorfully swirl about against dark backgrounds. As to flower themes, look for roses to be played up in dramatic effects.

Released by Western Newspaper Union.

Pastel Crepe

Here is one of those charming little dresses fashioned of solid-color pastel crepe that tell the news of what's what in smart frocks to wear now under your coat and later to come out in as you join the spring style parade. The newsy item about this eye-appealing frock is that it is trimmed with narrow color-matched fringe. You'll love these fringe-trimmed pastels, they are so "just what you want" for immediate wear. To add to the exclusive effect of this good looking dress there is a deep hemstitching on the bodice, together with a smart use of gold plastic buttons.

Demand Increases For Work Clothes

Because of the increasing demand, some of the larger stores throughout the country are putting in a special work-clothes shop. There is a trend more and more for women who are working at plants to get into uniforms during their service hours. The interest in practical, utilitarian apparel is grounded to a great extent on increasing recognition by women of the necessity for clothes that won't catch in the machinery. Then, too, women want slacks and coveralls for the freedom of action they allow. They like two piece work suits of medium blue heavy cotton with fitted jacket and side buttoned slacks. The one-piece coverall with short sleeves and cuffless slacks also finds favor. Denims and sturdy cottons are victory gardening, backyard barbecue wear and to wear as rough and ready sportswear.

Jeepers Creepers! Now

It's Moleskin Mittens!

A touch of fur is giving smart distinction to many a midwinter costume. There are endless fur novelties available. Perhaps the most popular are the new pocketbook muffs of Persian lamb and other flat furs. Moleskin mittens appear with moleskin ascot scarfs.

If mink is your choice, choose a Russian-inspired mink chacha. Novel indeed is the idea of wearing a big pompon made of silver fur in the same manner as if it were a chrysanthemum pinned to the lapel of your seal coat. To complete the ensemble, carry a silver fur muff. These fur accents are striking worn with cloth suits on cool days.

DRAMATIC CLUB

The Dramatic Club met Thursday for its regular meeting, which was called to order by the president. The minutes were read and approved. Then the meeting was turned over to those in the play.

The play, "Now Don't Laugh", was given remarkably well. Those in the play were Maude Ellen Tilghman, Myrtis Wilson, Ellen Ingram, Gloria Moser, and George Granberry, who supplied for John Box.

After the play the members played "I Have an Idea" until the bell rang, when the meeting was adjourned.—Mary Jane Perry.

G. H. S. PARTY

Last Friday night Miss Windham and Miss Simmons had charge of the first social that has been held since Christmas.

It was truly delightful; more than three-fourths of the high school were over. This was the first time the nickelodeon was of sufficient volume to enable the dancers to dance without straining their ears.

One of the big surprises of the night was how Bobby Alexander "cut the rug." We are all aware of Bennie's and Roger's talent in this line, but when Alex came out "a swinging the old foot," then we were really startled.

Everyone had the opportunity of participating in any of the many games, even wandering down to the Coca-Cola box and deliberately (for there is no rush, we note) drinking a cold one.

The party broke up at a reasonable hour—one which can not be divulged—for some parents may have received different information. In any case, we are definitely for this social.

CHAPEL

Mr. Rundle conducted chapel Wednesday. He read several verses of the third chapter of Exodus and then spoke on the subject, "God Chooses a Leader."

Miss Donaldson led the singing of a number of religious patriotic songs. Coach Hathorn announced a basketball game would take place Friday afternoon at 3 o'clock in the gymnasium. The game is to be between Grenada and Oscella, Miss.

G. H. S. BOYS WIN MEDALS IN MARINES

Tommy Houston, G. H. S. '41, rated first among 6000 Marines in rifle contest. Turnipseed, G. H. S. '43, also qualified as a marksman. Both received medals.

Congratulations, Leathernecks Houston and Turnip.

JUNIOR McDOWELL CLUB

The Junior McDowell Club met with Mary Nell Rayburn. The meeting was called to order by the president.

A very interesting program was given

in which included piano solos and duets. Then the group studied the opera "The Bohemian Girl," given in three parts, excluding the introduction by Miss Donaldson.

A quiz was led by Margaret Spain. Everyone had a chance to win a prize. Refreshments were served and enjoyed.—Gerre Gwin.

SENIORS TO TAKE CENSUS

The senior class has been notified recently that it is to take a census of all the educable children in Grenada. Various members of the senior class will be selected to take the census, and they will be expected to do their best.

Although the money that will be gained in taking the census is to be taken into consideration, there is another factor. These students will be responsible for a big task and will be rendering a service to their community and country. This is their chance to make good and show that they can be trusted with responsibility. In order to do this there must be a spirit of co-operation among the students. This task will mean hard, diligent work, and a great deal of patience. We must see that not a single child's name is omitted, every part of town must be covered.

When this is done, we will have as our reward not only the money, but the sense of an important piece of work well done.—L. M.

G. H. S. DIRT

Jean Geeslin and "Casey" Jones have culled, it quilts, and this week she and Rogers are "good friends."

Berta and R. C. were at the show Thursday night—we forgot to say together, but of course that's understood.

Warren Robinson's girl friend from Louisville, Dorothy Ann Carter, arrived in Grenada Friday. Big week-end ahead for somebody!

Warwick Smith is home on furlough. Thrill, thrill, for all the "old" friends!

Jean Geeslin, Margaret Ann McCorkle and Catherine Herring have all been "ditching" over a certain soldier named Johnny, but Marguerite stepped in and dated him Wednesday night last and Wednesday night this. Wonder what a certain high school boy thinks about the situation?

Freshman: Flash! Bobby Calk presented Helen Dubard with a big box of candy, recently. We don't know the occasion but anyway, what difference does it make?

Seen at the High School Party Friday night: Beebe and Joe, Berta and Johnny, Marguerite and Jay, Laverne and Brannon, Jean and Rogers, Tommy and Mary Elizabeth, Rookie and Margaret and Olga and George.

Calling all GIRLS! Do your duty and report for basketball practice. FLASH: Jay took Margaret to the church last Sunday night. Imagine that! We wonder if there could be a new romance in the making?

It may be caused by disorder of kidney function that permits poisons to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer sagging backache, rheumatic pains, headaches, dizziness, getting up at night, leg pains, swelling, sometimes frequent and empty urination with burning and burning is another sign that something is wrong with the kidneys or bladder.
